

Make your own bat buddy

1. Colour in and decorate your bat wings and eyes.
2. Ask a grown up to help cut them out.
3. Colour in and decorate an old clean toilet roll tube or half a kitchen roll tube. If you don't have these, you could try rolling up some paper or card to make a tube.
4. Stick your wings to the back of the tube and the eyes to the front of the tube. Don't forget to add a friendly smile!
